continued overleaf.....

- 14 It is a condition of membership and for admission to the Complex that members, members' family and visitors, that the College and Club, its organisers and members, are absolved from all liabilities due to accidents causing damage or injury howsoever caused to members, their family and visitors.
- 15 Running, games or horseplay are not permitted in the pool area. Activities in the pool should be conducted with common sense and consideration.
- 16 Lane dividers are available for serious swimmers and should be used in the interest of safety.
- 17 Queries are only dealt with by the Sports Club Officers and not by any other Sports Club official. Any queries to be directed, preferably in writing, to the Sports Club at the Society Office.

CODE OF CONDUCT

This Code of Conduct enables both the Campbellians Sports Club and the College to function in a safe and professional manner with regard to pursued activities and their impact on College's security and child protection. It is vital that members read, understand and observe these obligations. Failure to do so will result in withdrawal of membership and endangers the future viability of the club.

- 1 Members must carry their membership card at all times whilst on the College premises. Members can expect to be challenged by Campbell staff for production of the card. Please co-operate with any such request.
- 2 Members are responsible for any guests they bring on site and must be able to identify them if required by Campbell staff. For footballers, a member should provide a list of anticipated guests to the gateman so he can expect them and guests therefore should be able to then identify themselves to the gateman who will man a barrier at the gate. Members may have to return to the gate to identify guests should the gateman deem it necessary.
- 3 Parking - Members and guests can only park in the designated car parks beside Middle School. Parking to the left of Middle School beside the shooting range is prohibited. Offending car registrations will be taken by the College staff. All members/guests must be off site by 10.15 pm.
- 4 Access to the College grounds is based on the understanding that this is a working facility twenty-four hours a day and members' behaviour must reflect that. The College expects sporting visitors to be subject to the same behavioural standards that the pupils are bound by. Therefore high standards of respect are expected towards College property, grounds and staff. Members/visitors should not leave any litter during their stay, desist from bad language, observe suitable dress standards and fully respect the fact no alcohol can be brought onto College grounds.
- 5 The College speed limit of 15 mph must be strictly adhered to for very obvious reasons. The College expect only to see Sports Club members on the route from the front gate to the Sports/Hockey Club Complex. Any deviation from this route can be considered as trespass. It must be borne in mind that many boarders and permanent staff live and operate in the grounds and their privacy and safety must be upheld. Members should also note that membership does not include the right to treat the College as their personal park for jogging, family walks etc. Once again, access is only permitted for bona fide sporting business.
- 6 Members should be aware that should infringements of the code of conduct they will be referred to a disciplinary committee under the auspices of The Old Campbellian Society Council. A right of appeal will exist following rulings to an appeal committee comprising representatives of the College, Governors and OC Council. The College reserve the right however to deny access to any member/visitor irrespective of any decision made by these two bodies should they deem it necessary.

The Campbellian Sports Club and the College have worked together to produce these guidelines and do not wish them to be construed as unwelcoming or threatening. The College appreciates the benefits and profile that Old Boy Sporting participation brings to all parties. These requirements merely provide a solid, safe and professional platform for both College and Campbellians Sports Club to operate from. Your co-operation on these matters is greatly appreciated as is your continued support for the club.
